GROUP EMAIL for CO510 Software Engineering - CO510 - 1 - 2019 Principal Group

Hi Everyone,

A couple of things about Stage 2:

+ There were some problems with the settings of the upload area for Stage 2 today and a new one has been created. If you uploaded your submission before 16:00 today, please re-upload at some point before the deadline.

+ Miles has told me that he no longer requires sequence diagrams. So, please adjust your planning accordingly.

David
