

Menu Selection

1. ~
2. ~
3. ~

Code Stuff

- 1) Do SQL
- 2) Do Review

- ? Rewrite Appcontroller
↳ User interface
- ? Hash passwords.
- ? Type cast.

Using SQLite

- ? Ask about other required features of the final program
↳ eg. Add user, change password, revoke login rights.

Asked David:

User Manual → Can organise by user's role, or by specific action

log.pdf → descriptive text (this is the login log for this action, this is the authorisation)

App Controller → Can separate menu log as their own section

general and the
