James Dyer [JD556]	Jamie Ghoorbin [JDG23]	20190325	5

Punctuality	10/10
Arrives promptly to every meeting and ensures meetings are able to end punctually.	

Work Ethic	9/10
Always ensures that all materials required for his tasks are available before setting out to complete it, so proper time-estimates can be made.	

Quality of Work	10/10
All documents written or handled by Jamie continue to follow all defined templates and standards, with little need of amendment or other review.	

Overall	9/10
Jamie has maintained his high work quality and his work continues to be well-organised and structured such that others can effectively build off of it.	

Areas of Improvement
Jamie could benefit from asking team members for advice sooner when a task does not go smoothly. This would have aided the team's progress when he was attempting to debug his SQL statements without realising the issue was in a piece of untested code provided to him.

Additional Comments
I am glad to see that Jamie has kept in better physical health this stage.
