 - Work on Class diagram
-

Kazoo2 17-Feb-19 02:35 PM

- clean up root folder in documents git
-

izlimix 17-Feb-19 02:43 PM

Next week:

Set up db in Java for Authenticator class to replace mockup

Hash passwords client side and store hashed passwords in Authenticator db

Clarify expected result of entire project with David

Go over git in meeting to ensure everyone is proficient

Consider more formal review process and code meetings where structure of code is discussed (edited)

Kazoo2 17-Feb-19 03:42 PM

- Create a copy of discord logs and submit them with our evidence
-

Valentia 01-Mar-19 03:12 PM

- Convert GANTT Chart to PDF to be done by @jdg23
